About Us

Soundarya Educational Trust (R) has a glorious legacy spanning over 33 years.

Soundarya School came into existence in the year 1993 under the auspices of his Holiness, Shri Shri Shri Vishweshwara Theertha Swamiji. Since its inception, it has been steadily growing by leaps and bounds. Today Soundarya Group of Institutions has carved a niche in the field of quality education earning the goodwill of like-minded well-wishers. The unwavering professional commitment of Smt. and Sri Manjappa speaks volumes about our glorious legacy. It is a matter of great pride for all 'Soundaryans' to witness the plethora of colourful strides accomplished during the last 33 years of our determined journey towards excellence.

We maintain a healthy parent teacher association to bring parents into the mainstream of their wards' progress. We believe in investing our resources to enrich the physical, intellectual, emotional and spiritual growth of the young minds under our care.

Vision

To empower contemporary education through a holistic approach.

Mission

To mould young learners into role models who excel in academics with human values and social concern.

Motto

Inculcating values, instilling excellence.

SRI SOUNDARYA P MANJAPPA
CHAIRMAN
Soundarya Educational Trust

Message from the Chairman

It is indeed a great honour to address all our parents. Yet another year has passed, accomplishing new milestones. I am very proud of the fact that, at every step, we had the support and motivation of our parents, dedicated staff, and enthusiastic students.

Our group of institutions is growing with all grace and glory since 1993 imparting holistic education to 5000+ students just last year. In all these years of experience, I have learned a significant lesson – “The needs of society are vast, and the services we render are but mere drops in that ocean.” So I am now determined to add as many drops as I can.

Soundarya School CBSE

Message from the Principal

Welcome to Soundarya School CBSE — a safe, inspiring, and vibrant learning space we proudly call our safe space. What truly sets us apart is not just our reputation, but the visionary leadership of our management, the expertise of our learning leaders, and the unwavering dedication of our teachers, who bring with them over three decades of rich experience in school and higher education.

In today's rapidly evolving world shaped by artificial intelligence, innovation, and global connectivity, education must go far beyond academics. At Soundarya School, we are committed to nurturing creative, confident, and compassionate leaders of tomorrow.

Our approach to education blends academic excellence with emotional well-being, ensuring that students not only excel in their studies but also grow as resilient individuals. We focus on building essential 21st-century skills such as critical thinking, communication, collaboration, empathy, and adaptability, preparing our learners to thrive in an ever-changing world.

At Soundarya, technology is embraced thoughtfully as a tool to enhance learning, not overwhelm it. We cultivate a balanced environment where mental health and well-being are prioritized, creating confident, future-ready global citizens who will contribute meaningfully to society.

We warmly invite you to join our vibrant Soundarya family, where excellence meets empathy, and every child's journey is celebrated.

Nostalgic Reflection

From a humble spark to a shining flame of knowledge

Every great institution begins with a dream, and Soundarya School is no exception. It all started with the vision of our Chairman, Sri Soundarya P. Manjappa, to provide quality education to every learner. What began as a modest initiative has now grown into a large-scale institution of excellence, completing 33 glorious years in education, including five enriching years under the CBSE curriculum.

The vision was simple yet profound — to create a space where learning extends beyond textbooks and education becomes a lifelong journey.

True to its name and inspiration, Soundarya School strives to develop, preserve, and transmit true knowledge, ethics, and traditional values, drawing deeply from the divine compositions of Sri Adi Shankaracharya, especially the sacred Soundarya Lahari. In doing so, it has beautifully blended tradition with modern education, shaping learners who are rooted in values and ready for global citizenship.

History and Journey of Soundarya School

The story of Soundarya is one of dedication, resilience, and growth. Over the decades, it has blossomed into a vibrant centre of excellence, nurturing young minds with care and commitment. While academics have always remained its cornerstone, equal emphasis has been placed on values, discipline, creativity, and holistic development. Each milestone represents progress — from building strong classroom foundations to opening doors for opportunities in sports, arts, culture, and leadership.

What truly makes Soundarya special is its people — the visionary leadership who dreamt big, the dedicated teachers who shaped countless lives, the supportive parents who stood as pillars of strength, and above all, the students, whose energy fills the campus with life and purpose. Together, they have created memories and milestones that continue to inspire future generations.

As we turn the pages of Imprints, we look back with pride and gratitude, and forward with renewed hope and ambition. The journey of Soundarya reflects the true essence of education — empowering minds, touching hearts, and shaping futures.

LEARNERS' PROUD MOMENTS

Guest Reflections

We are honoured to share the reflections of our esteemed guests, who have generously expressed their thoughts and experiences about our school. Their words reflect the vibrant learning environment, dedicated faculty, and values that shape our institution. Such heartfelt feedback inspires us to continue nurturing young minds with excellence, integrity, and enthusiasm for lifelong learning.

It was indeed an honour and a proud moment for me to have been part of the innovative learning of the school.

The event was organised with good co-ordination. Work, teamwork, precision and care are everything one can measure.

Going back to the school brought back a lot of memories and transported me back to my school days. Thank you all for that.

Wishing the school and the children of the school all the very best for a bright future.

- **Mr. Felix Thomas**

I am happy to attend the event and encourage the students in the sports field.

The students have a lot of talent. I was very happy to see international-level sports students grow, because sports are very important and will help all students have a bright future in their careers.

Thank you for inviting me to the wonderful event.

- **Likitha M.**

I am touched by the simplicity of students, teacher and humanity by the management. Life is all about figuring it out, a sense that resonated with me while I witnessed this amazing program.

Thank you for inviting me. I am happy to be the part of the beautiful institution.

All the best to Soundarya and the whole team.

- **Fathima Asghar**

It was a great experience to attend this Annual Day. I loved the theme, very relevant for today's world. I am honoured to be part of this special program. The best part was to see the kids performing seamlessly, without stage fear and confidence.

All the best.

Wishing the school to grow more and reach greater heights in education.

Warm regards,
Sarika

- **Ms. Sarika**

I am very excited to see so many kids and their parents get involved in the program. Congratulations to our people behind the scenes kudos to teachers, staff and management Team.

Good luck, Keep growing

- **Praveen C R**

As I am penning my thoughts, I am guided by the vision of your Chairman . I am impressed by the values the institution believes in **Human Dignity and High Self-Esteem.**

I am delighted to know that the institution is under the leadership of Chairman, CEO Mr. Keerthan Kumar, Madam Sunitha, Madam Chinnamma, and the team of education leaders transforming the lives of young minds and building a strong foundation for nation building.

The **Soundarya culture of passionate commitment and primary task was visible and infectious.** The dedicated team aims to provide holistic development to achieve the Dream of young leaders needs to be emulated by leaders in the education sector

- **D. V. Swamy**

I thoroughly enjoyed my visit to your esteemed institution. Excellent display by the students is a true reflection of the commendable efforts of the teaching staff and the beautiful support system.

An outstanding example of teamwork.

I wish the institution continued success in all your future endeavours.

A day to cherish.
Stay blessed.

- **Sheshadri Mokshagundam**

A good school with very energetic staff. Excellent infrastructure & committed management.

Great participation by the students and teachers in today's programme.

I wish all the very best to Soundarya School.

- **V K Talithaya.**

Thank you for inviting me to the wonderful event.
It was a pleasure interacting with students and addressing the students.
It reminded me of my school days and revived me of the wonderful days spent.

Wishing the school and all captains & vice captains of the school and various groups of the school to celebrate the success and wishing all the students a bright future in their career and life ahead.

Youth for Green and Vibrant Bengaluru

The Vimove Foundation's "Youth for Green and Vibrant Bengaluru Alternative -24" organized a Video-Reel Competition for schools, colleges and universities in honor of **World Environment Day 2024**.

Winners were announced on June 1st, 2024 at Ramaiah Memorial Hall in association with Brand Bangalore, Rotaract, BBMP, and NSS. We are proud to announce that Soundarya School CBSE of Grade-X Ms. Inchara Pathate and Ms. Prathiba won the 2nd prize in the **Green Energy Solutions** category, and Mr. Abhishek, Mr. Kiran and Mr. Ephraim earned the 3rd prize in the **Water Conservation** category.

Creating Future Leaders

Soundarya School - CBSE in an attempt to encourage among students leadership qualities among them has implemented Model United Nations Program . It's provides platform for students to explore world of diplomacy, geopolitcal issues and strategic decision making. MUN conducts moot MUN Sessions where students represent various countries of the world and discuss issues plaguing the region and iniatiate ways to resolve the conflict. As part of this program students visited Vydehi School in whitefield to be a part of MUN competition and also secured prize.

Visit to Raman Research Institute on National Science Day

On the occasion of **National Science Day**, our school had given the opportunity to visit the Raman Research Institute with 25 enthusiastic students. The visit was an enriching experience, exposing students to various scientific experiments.

Students explored AI-based experiments such as virtual music and laser ray experiments principles of light and optics. A documentary on **Sir C.V. Raman** provided deep insights into his groundbreaking work in physics, inspiring young minds to pursue scientific inquiry.

One of the most exciting experiences was the open-sky solar observation, This hands-on exploration allowed them to understand celestial phenomena in an engaging and interactive manner.

Overall, the visit to **Raman Research Institute** was a memorable and educational experience, sparking curiosity and a deeper appreciation for science and technology among students.

TIE Young Entrepreneurs

The TIE Young Entrepreneurs Workshop began with Phase 1, featuring four engaging modules that introduced students to the world of entrepreneurship.

Module 1: Introduction to Entrepreneurship - **Mr. Vineeth Rovindran** explained the meaning of entrepreneurship, what to expect from the Journey, and how to develop innovative ideas

Module 2: Bugs and Passions - **Dr. Choithra** guided students on Identifying everyday problems ("bugs") and connecting them with their passions to create solutions.

Module 3: Customer Empathy and Design Thinking - **Mr. Kishore** emphasized understanding customer needs and using design thinking to solve problems creatively.

Module 4: Rapid Prototyping - **Mr. Mahesh** explained how to research, test, and validate ideas effectively.

The sessions were interactive and inspiring, filled with activities and presentations that encouraged students to think like true young entrepreneurs.

TED X

Soundarya School CBSE proudly shares the achievement of our Grade 9 students who have successfully earned the NCC 'A' Certificate.

This milestone reflects their commitment to discipline, leadership, teamwork, and a spirit of service to the nation. Through rigorous training and active participation, our young cadets have imbibed values that shape responsible and confident citizens.

We congratulate our students on this commendable achievement and wish them continued success in their NCC journey

Title: The Gift of Nature

One day a boy named Ravi was playing near a river in his village. He loved the cool breeze and the sound of birds singing in the trees. But he often saw people throwing garbage into the river and cutting down trees. He felt sad but didn't know what to do.

One evening an old man told Ravi, "Nature is a precious gift. It gives us fresh air, clean water, and food. If we harm it, we will suffer." Ravi understood this and decided to take action. He started planting trees and cleaning the surroundings. Slowly his village became clean and green again.

Moral: Nature is a gift, and it is our duty to protect it.

Title: My Lovely Puppy

I have a lovely puppy at home. Its name is Toby. It is so all cute and very playful. My puppy has soft white fur and round black eyes. It loves to run around the house and garden.

Toby enjoys playing with a ball and a rope. When I come back from school, my puppy runs to me. It wags its tail and jumps with joy. My puppy likes to drink milk and eat biscuits.

At night it sleeps near me and keeps me company. It makes my home lively and happy. I love my puppy very much and take good care of it.

SHORT STORIES

THE BROKEN BICYCLE:

Chethan's bicycle chain broke on the way to school.

He sat by the road, worried he would be late. An old man passing by stopped and fixed it in minutes.

Chethan thanked him, but the man only smiled and said, "Help someone else when you can".

Title: Moon

The moon comes out at night. It looks like a big white circle in the sky. So often it shines so bright that it lights up the night. The moon changes its shape as days pass by, making the night so magical.

SHORT STORIES

THE CLEVER CAT :

Neha's cat jumped onto the kitchen shelf. It knocked down a jar, spilling rice everywhere. When Neha scolded it, the cat brought a mouse in its mouth.

Neha laughed. Her cat was only showing why rice must be safe. From then on, she never left food uncovered.

Title: The Chase

You keep running
But where are you going
Have you ever stopped to ask

Running and running and running
You keep chasing after something
But what are you truly after
Maybe you'll find it,
But only if you'll stop and ask

Not for the person not for the good
Just you and yourself
It's not mystic it's not cryptic
Just a humble tale

Success finally one day power
But is that what you're truly after
Borrowed goals you do what's told
But have you ever stopped to ask

Lawyer soldier doctor teacher
You label yourself why
What you've been told or have been
Bestowed
But it's just that a label
So yet I ask have you ever stopped to ask

Titles or morals traitor or savior tyrant or
leader
an angel for some a devil for others But
what are you truly Do you listen to the world
or to yourself
So many labels or perhaps fables
Have you ever stopped to ask

Who are you really What are you after
And in fact why run at all
when you can enjoy the here and now
So listen to the one who matters the most
that's you and only you

So once again I ask you
Have you ever stopped to ask
Because where you're headed matters most
more than the final step.

So stop
Step into the present
and ask yourself
"What am I truly after?"

Title: Squirrel's devotion to Shree Rama

The story highlights the devotion and intelligence of a small squirrel during the construction of the bridge to Lanka. When Lord Rama and the Vanaras were building the bridge, everyone contributed according to their strength. The Vanaras carried huge rocks and boulders to help in the construction.

A tiny squirrel also wanted to help. It rolled in the sand, gathered small grains on its body, and carried them to the sea. It then shook them off near the bridge site. Though its effort seemed very small compared to the mighty Vanaras, the squirrel continued its work with great dedication and determination.

Some of the Vanaras laughed at the squirrel and questioned how such a small effort could help in building a huge bridge. Hearing this, Lord Rama gently stopped them and appreciated the squirrel's devotion. He lovingly stroked the squirrel's back with his fingers.

It is believed that the three white stripes seen on squirrels today are the marks of Lord Rama's fingers. This story teaches us that no effort is ever too small and that sincere devotion and dedication are always valued.

THE ELEPHANT AND THE TAILOR

In a village an elephant used to go to a tailor's shop every day. The tailor would give bananas to the elephant. One day the tailor was in a bad mood and pricked the elephant's trunk with a needle. The elephant quietly went away. The next day, the elephant returned with muddy water in its trunk and sprayed it all over the tailor's shop, spoiling all the clothes. The tailor realised his mistake and repented for his bad behaviour.

Moral: Bad behavior can turn friends into foes.

Super Power

Once there lived a girl named Evolien. She wore a special ear gadget that her parents had given her. Her mother and father never allowed her to take it off. Evolien loved playing football very much.

One day she was playing in an important football match. She was about to score a goal but she was not able to do so. Her teammates became angry. One girl from her team came to Evolien and said, "If you cannot score a goal, you don't need your ear gadget." Suddenly, the girl threw the ear gadget away.

At once, Evolien heard a sharp noise. She was surprised to see that the entire football field had frozen in time. Everything had stopped. Seeing Evolien then realised that she had a super power because of the ear gadget.

Later, Evolien decided to use her special power for good. She became a police officer and used her super power to catch thieves and protect people.

Moral: We should use our special talents and powers to help others.

"My School Library"

Our school library is a bright, calm place where we can find many amazing books to read, learn, and imagine. It is like a special house for stories and facts with tall shelves holding everything from colourful picture books and fun comics to exciting chapter books about fictions and mysteries. Our library has different and useful books which always inspire us to read. For our knowledge, the library has special non-fiction books with information about animals, biography, famous persons, history and science helping us discover new things outside the classroom. Our Librarian is always there to help us and find the books we want to read. Our teachers motivate and guide us to read and make sure the library is a great place for everyone. Our school follows a few simple rules: we must use a quiet voice so others can concentrate; we must maintain discipline; and when we use our special library to borrow a book, we must keep it clean and bring it back on time, so the next student can enjoy it. Visiting the library regularly helps us learn lots of new words, makes us a better reader, and gives us the imagination and power to grow. It is a valuable place that helps every student succeed and to love learning something new every time. It helps students develop knowledge and personality development.

Title: The Girl Who Went Inside the Mobile

One day the girl named Priya woke up early and dressed up and sat to see mobile. Her mother said "Why did you take the mobile keep it aside and read or go and play outside with your friends." But Priya said, "No, I won't read. I will play video game inside my mobile." So the mother left her for one day.

But she was using the mobile the whole day. She did not read a single word nor touched her food also. So her mother was very upset by her behaviour.

The next morning she was still seeing mobile. Her mother entered the room and went to say her that come and eat the breakfast. But she was seeing mobile so her mother grabbed the mobile and said, "Stop seeing mobile," with anger.

So she cried loudly. Her father ran and came and asked "What happened Priya. Why are you crying? Stop crying Priya, stop crying!" And her mother said, "Don't say her stop crying because she is seeing the mobile from yesterday morning to today morning."

"Priya, you should not see mobile. See how your eyes are red. Instead you can play okay." After that Priya stopped seeing mobile.

Moral: We should not see mobile continuously.

मेरी कहानी

मैं हूँ अवनी, ये मेरी कहानी ।

सबसे सुन्दर हूँ मैं, सबसे प्यारी,
माँ की आँखों का तारा, पापा की दुलहारी ।
मैं हूँ अवनी, ये मेरी कहानी ।

सब विषयों में अच्छी हूँ, पर गणित में कच्ची ।
पर हार न मानूँगी कभी, कहती हूँ सच्ची ।
मैं हूँ अवनी, ये मेरी कहानी ।

सब विषयों में अच्छी हूँ, पर गणित में कच्ची ।
पर हार न मानूँगी कभी, कहती हूँ सच्ची ।
मैं हूँ अवनी, ये मेरी कहानी ।

अच्छी इंसान बनूँगी पहले, सबका ध्यान रखूँगी ।
जो मेरे करीब हैं, उनका आदर करूँगी ।

वक्त नहीं!!

ज़िन्दगी कितनी व्यस्त हो गई है,
कि अपनों के लिए वक्त नहीं ।
हर खुशी के पीछे दौड़ते रहे,
पर सुकून के लिए वक्त नहीं ।

दिन-रात दौड़ती दुनिया में,
ज़िन्दगी के लिए वक्त नहीं ।
माँ की गोद का आराम तो है,
पर माँ की गोद में बैठने का वक्त नहीं ।

मेरे रिश्ते और मेरा संसार,
सब अपनी पहचान का मोहताज हैं ।
मेरे सपनों की उड़ान तो है,
पर उन्हें पूरा करने का वक्त नहीं ।

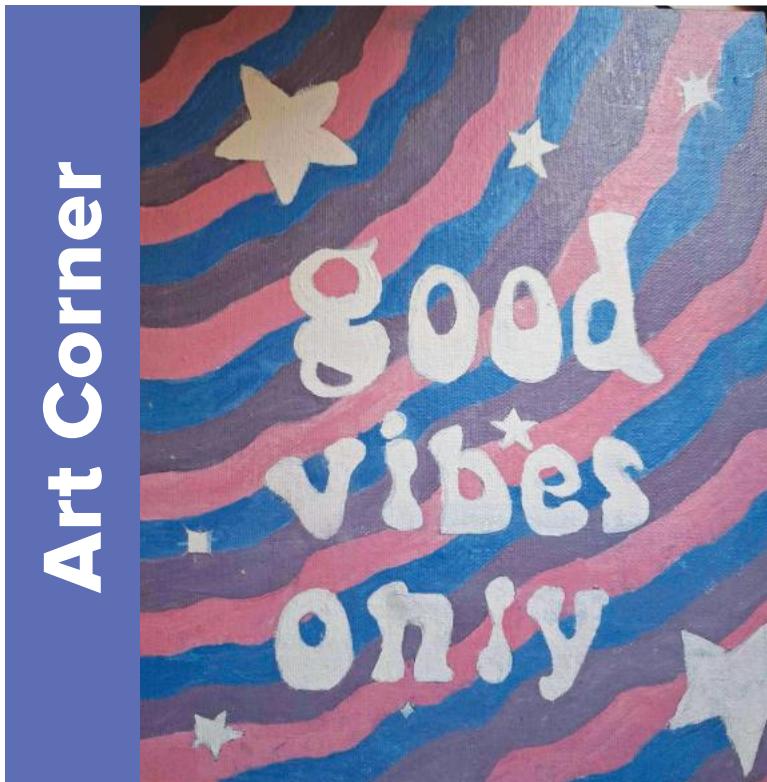

मेरे अपनों की बातें सुनूँ,
जब अपनों के लिए ही वक्त नहीं ।
आँखों में है नींद बहुत,
पर सोने के लिए वक्त नहीं ।

दिल है अपना सा बहुत हुआ,
पर उसे समझने का वक्त नहीं ।
बच्चों की हँसी में जीने की चाह,
पर उनके साथ खेलने का वक्त नहीं ।

जाने अपनों की क्या कदर करें,
जब अपनों के लिए ही वक्त नहीं ।
दिल में बहुत बातें हैं कहने के लिए,
लेकिन बताने के लिए वक्त नहीं ।

1. Forever a Soundarya - Mohammad Zeeshan S Nandur

Soundarya School has been more than just a place of learning it has been my second home. It's where my ideas took flight, my confidence grew, and my dreams began to take shape.

When I first walked through its gates, I was filled with uncertainty. But soon, I found warmth, friendship, and a sense of belonging that made every day special. The journey transformed me from a shy beginner into someone ready to face the world with courage and optimism.

My teachers were my guiding lights patient, inspiring, and always believing in my potential. My friends made every day brighter with laughter, memories, and countless moments that I will cherish forever.

Soundarya School taught me not just lessons from books, but lessons for life resilience, kindness, and self-belief. Wherever I go, a part of me will always remain here, in the heart of Soundarya.

2. Anushka D

Respected Principal, teachers, my dear fellow alumni, and beloved students, it gives me immense joy and pride as we celebrate a very special milestone – the 5th anniversary of our institution adopting the CBSE curriculum. As an alumnus, I can say that this shift was not just a change in syllabus, but a transformation in the way we learned, thought, and prepared ourselves for the future.

The CBSE curriculum opened doors to holistic learning. It wasn't just about memorizing lessons, but about developing analytical thinking, communication skills, and confidence. It gave us the opportunity to compete at a national level, to take part in Olympiads, entrance examinations, and most importantly, to dream bigger.

I fondly remember how our teachers guided us through the new system, encouraging us to adapt, explore, and excel and our Principal Mrs. Suma ma'am was the most supportive and inspiring. Well equipped classrooms with interactive boards, and well designed environment were additional advantages. Our management proved to be one of the most supporting, passionate, ambitious and provided us with greatest opportunities.

I would like to thank everyone for their support and wish the institution many prosperous years ahead.

SOUNDAR A SCHOOL CBSE : A PLACE OF LEARNING AND GROWTH

Our school is more than just a building with classrooms it is a space where young minds are nurtured, talents are discovered, and values are built. It stands as a second home to all of us, where every day brings new opportunities to learn and grow.

The classrooms are filled with an atmosphere of curiosity and creativity, guided by teachers who inspire us not only with knowledge but also with life lessons. Beyond academics, the school encourages us to explore our interests in sports, music, arts, and cultural activities, ensuring a balanced development of mind and body

Over 5 years of Soundarya's legacy what makes our school special is the sense of community it builds. Every student is taught to respect others, work together, and uplift one another. Annual functions, science fairs, cultural fests, and competitions provide us with platforms to showcase our abilities and celebrate teamwork.

Our school also emphasizes discipline, responsibility, and kindness - qualities that prepare us for the larger world outside. The green surroundings, library filled with books, and modern laboratories further enrich our education and make learning enjoyable.

For all of us, Soundarya is not only a place of study but also a place of memories. It is where we develop friendships, discover our strengths, overcome challenges, and prepare ourselves for future dreams. Truly, our school is not just an institution; it is the foundation of our lives.

Footsteps and Foundations

It feels like only yesterday I walked the corridors of this school, yet the lessons it taught me have proven to be timeless.

My time at Soundarya CBSE School did more than just prepare me for exams. It equipped me with a mindset to try. The foundation I received here was built on a unique blend of academics and real-world initiative. I was fortunate enough to have the chance to participate in a myriad of events and competitions, ranging from technology and entrepreneurship to journalism and sports, alongside my academic endeavours. Being a student at Soundarya CBSE from its inception meant that opportunities were not just handed to us, they were built by us. One great example of this was organizing the school's first ever Model UN conference. Our teachers provided us, the students, with a platform to turn our curiosity into passionate pursuit. They gave us the trust and the tools, and helped us every step of the way. That experience, like so many others at Soundarya, was a practical lesson in leadership and execution. It taught me that the simple act of trying is often the most important step, a lesson that I attempt to exemplify to this day. I am eternally grateful to the teachers who saw our enthusiasm not as a disruption, but as a resource to be nurtured. I am also grateful for my fellow pioneers, the students whose shared energy and belief helped turn ambitious ideas into proud accomplishments. The most valuable lessons weren't found in the syllabus, but in the opportunities we had to create and lead. Today, I carry the spirit of those days with me like a north star, a reminder of the power of curiosity and the courage to begin. While my own footsteps in those corridors are a distant, yet cherished memory, I know new ones are now following the same path of discovery and innovation. Happy 5th Anniversary to my alma mater - may it continue to be a place where timeless lessons begin with a simple, 'Let's try.'

I will always remain deeply grateful to the staff of Soundarya Institutions, whose constant support, encouragement, and guidance shaped me into the person I am today. More than just academics, they nurtured my interests, gave me the freedom to explore beyond studies, and helped me build the confidence and discipline to face the real world. Having spent over 12 years here, I truly cherish the values, skills, and lifelong lessons the teachers and mentors of Soundarya have instilled in me.

6. Prachi Pawar

My years at Soundarya School have been a journey of discovery and growth. From the very beginning, school has offered me more than just education it has given me values, confidence, and unforgettable memories.

The teachers here have been true mentors, guiding us with patience and motivating us to explore

our potential. Their lessons went beyond academics, teaching us responsibility, respect, and resilience.

What makes Soundarya special is its holistic approach. Along with strong academics, the school encourages participation in sports, cultural activities, and competitions. These opportunities have taught me teamwork, discipline, and the joy of striving for excellence.

As I look back, I feel proud to have been a part of this institution. Soundarya School has not only shaped my knowledge but also my character, preparing me to face the future with courage and determination.

I am deeply grateful to my teachers, classmates, and the entire Soundarya family for making my school life so meaningful. The lessons and values I carry from here will guide me throughout my life.

7. Chhaya K

I had the privilege of pursuing my high school education at Soundarya School- cbse and the experience has been one of the most enriching phases of my life.” The school has given me the best opportunities to acquire knowledge under the guidance of the best and most dedicated teachers, who have always supported me not only in academics but also in cultural activities. The education and learning experience I received here has been truly valuable, as the school constantly encouraged us to explore new areas and provided opportunities to showcase our talents.

One of the most memorable experiences was being given the chance to be part of the student council, which helped me develop leadership qualities, responsibility, and teamwork. The school also encouraged us to participate in inter-school debates and competitions, which broadened my knowledge and made me more aware of many important issues. These opportunities gave me confidence and exposure beyond the classroom.

Equally important were the friendships I formed during my journey here. My friends stood by me at every step, making my school life memorable and joyful. These three years not only prepared me for higher classes but also gave me experiences and lessons that will stay with me forever. Overall, Soundarya School has provided me with opportunities in every field, shaping me into a confident, responsible, and well-rounded individual.

8. Ayesha

I was around three years old when I entered my second home for the next twelve years, Soundarya School.

Beginning with fear and tears as kids, we never knew being a part of this school would be one of the best adventures of our lives, because everyday in our school was special and exciting. I'm proud to say that I spent my school life from nursery to tenth grade, in one of the best schools. My journey here started as a child, nervous and excited. Gradually I made friends, learned new things everyday and grew with each passing year. The teachers were always kind, encouraging and ready to help. They not only taught us subjects but also imparted knowledge about their experiences and helped us learn values like respect, honesty and kindness. I enjoyed taking part in cultural programs and interesting competitions, these engrossing activities encouraged us to gain confidence. From morning assemblies to yearly annual days, the principal and teachers made our school life very memorable. Our school always encouraged us to do our best in every field, discover our hobbies and unleash our potential. I'm also grateful to my parents for choosing Soundarya Institutions for me and my dearest peers who made the atmosphere comforting and unforgettable. No matter where I am in life, I will always remember the lessons, skills and values, Soundarya has instilled in me. My school will forever hold a special place in my heart.

Testimonials from Parents

I was initially not so keen to change our daughter's school. But today, we stand as proud parents and I am glad about our decision.

Soundarya CBSE has opened our daughter Madhumathi to opportunities and has encouraged her passion towards Taekwondo under the guidance of Me Samsheer Ansari sir.

Being a national participant in Taekwondo, balance is key. Her principal Suma. S. Rao and her teachers like Jayashree mam and class teacher Veena mam have played a crucial role in maintaining this balance by helping her keep up with academics and boosting her morale. Hence, I believe Soundarya equips a student towards a bright future.

Parent of Madhumathi

As parents of Likhith studying in grade 10th we would like to take this prospect to Soundarya management, staff and teachers for their continuous care, support, collaboration and most importantly patience. We have witnessed massive and exponential development in our son. He is so blessed to have such great teachers and we feel exceptionally obliged to have our son studying in Soundarya School from pre-KG to 10 th standard. We are proud of ourselves for choosing such a great school. Thanks for the endurance, quality care, enthusiasm, diligent efforts and passion you provide each and everyday. My son feels very comfortable and he tries to follow most of the excellent teachers in this school as a role model.

Shivakumar.M, Parent of Likhith

Soundarya School is an excellent educational institution that truly supports society through quality education. We are very happy parents, as all three of our daughters are studying in this institute.

Here, we find not only strong academic guidance but also moral support. The school provides many opportunities through co-curricular activities, sports, summer camps, competitions, and regular parent-teacher meetings. All these efforts contribute to the overall growth and skill development of children, helping them achieve success in life.

We sincerely thank all the teachers, management, office staff, and support staff. Everyone is very kind and cooperative with parents.
